Scott Mathews	N8JSK	Kent Rothermel	K8BLNG

The C A R C meets the third Wednesday of the month at 7:30 PM.

NEXT MEETING IS JANUARY 15TH at the EMERGENCY PREPAREDNESS CENTER.

1992 STARK COUNTY DIRECTORY

The new up-dated 1992 Stark County Amateur Directory is at the printers and should be ready by the February meeting. The printer is again Duncan Press. As you probably know, three generations of the Duncans are hams. Art Duncan is K8BFSK, son Scott Duncan is KK8D and grandson Scott Duncan II is KB8IRP. All three are members of CARC and Scott KK8D, is the Club Call Trustee.

Here are some of the statistics on the new directory. It is compiled by scanning the eighth call area in the Callbook, which consists of 45,218 calls, 24,654 of them residing in Ohio. Then we check all names in the local phone book to verify if the address is correct. Do the same using the 1992 Haines Criss/Cross Stark County Directory which lists all addresses and telephone numbers in Stark County. Those that have unlisted phone numbers, we are unable to verify. Last, but very important, is the word-of-mouth information that many of you provide me when someone moves or makes a change in their

listing. In comparing the callbook with our Stark County Directory, the callbook had 67 incorrectly listed including 15 Silent Keys, some that passed away several years ago. There are 444 hams listed in the 447 zip code area and 906 hams listed in the 446 zip code area, which includes many in Stark, Wayne, Holmes, Tuscarawas, Carroll, Columbiana and even Summit counties.

There are 963 Amateur calls listed in the 1992 Stark County Directory, 26 have changed their call after upgrading, 27 have moved out of our area, there were 16 Silent Keys since the 1990 directory and 13 CARC members that live out of our area that are listed in the directory, for a total of 881 licensed Amateur Radio Operators in Stark County. There are 159 Silent Keys listed in memory in this issue. In addition to the two meter repeaters list that can be heard in our area, there are 29 440 repeaters also listed.

As you can imagine, it took many hours of compiling the information, for the final master copy to be finished. And of course, by the time it is printed and distributed, there will be more changes. I know the directory is appreciated, so the effort is well worth the time involved. ENJOY THE FINISHED PRODUCT. All Sustaining and Full CARC members are entitled to a free copy when we receive them from the printer. LOOK FOR THE ANNOUNCEMENT.

SILENT KEY

Too late for the December Feedline, we received news of Leslie E Harper WBCFJ, of North Canton, becoming a Silent Key. His son Bruce is NBDQG. Due to a hearing problem, Les was an ardent RTTY operator. During the Football Hall of Fame Special Event, Les was the principal CARC member that put Canton ARC on the map, with many DX contacts on HF RTTY. Due to failing health, this past year he sold all his gear and antennas, so was not able to participate in the 1991 Special Event.

Our sympathy to the family and friends of Les.

ELMER - By Paul Kiehl NMBQ

For many of us, it is hard to remember what we had for breakfast at seven when it is only eight, but I think that we all can recall the trials, anxious moments, anticipation and joy that we all experienced as we went through the licensing process. As the years have passed we have incorporated Amateur Radio into our lives to the point that many facets of the hobby have become so ingrained in our mind that we tend to take them for granted. For many, we have long ago filed away on the master chip of our memory, the great thrill of finding and buying our first rig. What kind, how can I tell a good one from a bad one, if it was second hand, is it in good working order? Then the fear of the first straight key CQ. I recall sending CQ and then praying that no one would answer. Then the first phone contact. Scared to death for fear that the right words would not come out and then feeling lucky that any words at all came out. How the sweat would break out on our foreheads; how we wondered how we were sounding to the entire world and a million other fears.

Where did you turn to for help in all of this happy confusion of getting on the air for the first time and learning to operate your rig. Many had friends that went into the hobby at the same time and together they were able to solve these problems and learned together. We still have young men and women that are just starting in the hobby and many of them are timid about asking the "old hands" to help them. They are stumbling as we stumbled and they need a hand for a little while to get them on their feet. It is only a short time that they need help because they are thrilled with the hobby and will learn fast.

The one important thing that a new ham needs is the phone number of someone that he can call and without embarrassment ask the questions that seem so small to us but so important to him. He needs someone to help him with his rig, antenna, tuner etc. All of these things are filed away on that chip in our minds and we can fill these gaps for a new Ham so easy.

If we older Hams would just keep on the alert for the younger Hams and let them know that we will be there to give them help, it would fill a big gap in their radio career and they will never forget you for it, ever. You will be the first to share in their initial contact and you will hear and feel the excitement in their voice. Through them you will relive the thrill that you knew so long ago. It's kinda like digging around in an old trunk in the attic. You find things that are long forgotten but each item has a pleasant memory. So too, with helping a new comer. You will recall the fun you had and recall the mistakes and happy times. When you help a new Ham you will make yourself available and you will be giving what he needs most. He will be helped over the rough spots and your radio life may be rekindled, which is good for a lot of us.

When you meet a new Ham, don't be afraid to give him encouragement and your phone number. Let him know that you are there. It doesn't take a lot of time and he will not bother you to death. This is another rewarding part of this great hobby. Remember the words of the great bard, "Screech the Rainmaker"--"If there is any good that I may do, let me do it now"---

DECEMBER CARC MEETING MINUTES

The December 18, 1991 regular meeting of the Canton Amateur Radio Club, was called to order by President Mark Warrington N8LZB, at 7:30 PM at the Emergency Preparedness Center. The usual round of introductions followed with 37 members and 4 guests in attendance.

SECRETARY'S REPORT - There were no additions or corrections to the minutes of the November meeting and they were approved as published.

TREASURER'S REPORT - Larry Schnader K8RMY, reported a balance of \$3113.00 in the club treasury.

PRESIDENT'S REPORT - Mark Warrington N8LZB, reported that a bootlegger is active on 10 meters and is using the call K8ZDH. The real K8ZDH is a Silent Key from Wisconsin. The club's Liability Insurance Policy, has been renewed for the coming year.

OLD BUSINESS - Dave Beltz WD8AYE, reported that the Alinco 570 was replaced and the Azden rig is back. The shack is now complete.

NEW BUSINESS - Kent Rothermel KB8LNG, moved that the floor be opened for nominations for a Program Committee. The motion passed. Those nominated were Kent Rothermel KB8LNG, Ron Sides N5RRD and Jack Wade N8LCS. The nominations were closed and by a voice vote, all three were accepted.

Art Schermerhorn WBFEK, moved that the club purchase 500 new QSL cards. After a stack of cards were found, Art withdrew his motion.

Randall Phelps KD8JN, moved that the club sponsor a club QSL card design contest. After much discussion over the rules of the contest, it was decided that a contest would be held to design a new WBAL QSL card. The contest would be open to all club members, except the officers and trustees. There will be no limit to the number of entries per member. All entries must be submitted to the club secretary by the March 1992 regular meeting. The CARC officers and trustees would choose three semi-finalists at the April 1992 trustee's meeting and those three cards would be presented to the membership at the regular club meeting in April 1992. A winning card would be selected by the majority of members in attendance at the meeting. The designer of the winning card will receive a prize valued at \$100.00.

Frank Dearman W8TUY, announced his resignation as Vice President. The position will be filled by the board of trustees.

50/50 DRAWING - Frank Dearman W8TUY won \$18.25. Tickets were drawn for the club's 1991 North American and DX Callbooks. The North American Callbook was won by Bob Knotts N8NMY and the DX book was won by Scott Mathews N8JSK.

On a motion of Jim Miller N8MAA, the meeting adjourned at 8:27 PM for coffee, donuts and eyeball QSO's.

Respectfully Submitted by,
Jerry Shrigley K8AHF
CARC Secretary

HOW TO BE SAFE!!!!

DO NOT ride in an automobile, they cause 20% of all fatal accidents.
DO NOT stay at home because 17% of all accidents happen in the home.
DO NOT walk around on the street, 14% of all accidents happen to pedestrians.
DO NOT travel by air, 16% of all accidents are the results of these activities.
ONLY .001% of all accidents occur at Amateur Radio Club Meetings.

Obviously the safest place to be on meeting night of each month, is at the Radio Club Meeting. Be sure to attend all club meetings and avoid the dangers set forth above.

From Arrowhead RAC, Duluth, MN via WORLD RADIO

NEW 440 REPEATER

DOUG MORGAN N8GNO AND BOB CARSWELL KF8MR, ANNOUNCE THE ESTABLISHMENT OF A NEW 440 REPEATER SYSTEM. LOCATED AT LATITUDE 40 DEG 15 MIN 22 SEC NORTH AND 80 DEG 23 MIN 50 SEC WEST IT WILL BE ON THE NORTH WEST SIDE OF CANTON AND USE THE FOLLOWING FREQUENCY 442.075.

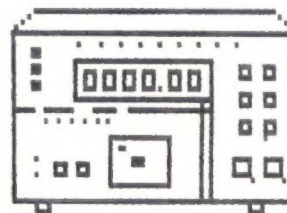

IN TIME, THE CO-OWNERS HOPE TO HAVE A "STATE OF THE ART" REPEATER WHICH WILL OFFER IT'S USERS THE LATEST IN INFORMATION AND SERVICES. IN THE BEGINNING IT WILL CONSIST OF AN ICOM 4020/50 WATT REPEATER.

AREA HAMS ARE ESPECIALLY INVITED TO MAKE FULL AND FREQUENT USE OF THIS REPEATER AND TO OFFER SUGGESTIONS, CRITICISM AND OTHER COMMENTS TO THE OWNERS OR IN WRITING TO N8GNO/KF8MR REPEATER SYSTEM, POST OFFICE BOX 266, MIDDLEBRANCH, OHIO 44652.

73 DOUG & BOB
